

TaurangaCity

Job description

Title	Team Leader: Transport Planning
Number	
Group	Infrastructure
Division	Transportation
Reports to	Manager: PACE
Direct reports	Principal Planner: Transport, Principal Transport Modeller, Senior Transport Planner
Date	[Date the position description finalised/issued]

Job holder commitment

The job holder accepts as a fundamental requirement of their employment that they must demonstrate a personal commitment to:-

- modelling organisational values at all times
- a safe and healthy work environment
- assisting Council to fulfil its Civil Defence responsibilities

Job purpose

The primary purpose of this role is to lead the Transport Planning, Investment and Transport Modelling functions to support the wider transport network within Tauranga by leading project design from concept through to detailed design inclusive of associated business case processes involving, but not limited to, optioneering and option assessment.

A particular focus will be on the ongoing development of the delivery model, funding from the Crown, development of the transport programme of activities and providing the transport planning functions to projects that are being scoped and developed to ensure that projects support an integrated, safe, sustainable and efficient transport system that meets the needs of communities and business now and in the future.

Key outcomes

The team are supported, developed and enabled to deliver.	<ul style="list-style-type: none">• Provide quality leadership, support and development for your team.• Effectively lead the team to develop and deliver agreed programmes and services.• Role model and embed a strong customer service ethic.
